New perspectives – Treatment of secondary mitral regurgitation in patients with heart failure

Chairs
Eberhard Grube
Michael Haude

Speakers
Steven Goldberg
Horst Sievert
Ralph Stephan von Bardeleben

Monday, November 18, 2019 | 13:55–14:40
Room 4 | ExCeL London
1 Western Gateway, London E16 1XL
New perspectives – Treatment of secondary mitral regurgitation in patients with heart failure

**Agenda**

13:55  **Session objectives**  
   M. Haude  

13:58  **The Carillon Mitral Contour System procedure**  
   R. S. von Bardeleben  

14:11  **Background on the Carillon Mitral Contour System and REDUCE FMR data**  
   H. Sievert  

14:24  **Carillon long-term follow-up and observational data**  
   S. Goldberg  

14:37  **Session evaluation and key learnings**  
   E. Grube

---

**Learning Objectives**

Attend this session if you want to:

- Learn how to implant the Carillon Mitral Contour System®
- Understand the impact of cinching the mitral apparatus on regurgitant volume and left ventricular remodeling
- Learn about the latest data of the Carillon Mitral Contour System

---

The Carillon Mitral Contour System has received CE Mark approval (0344) and is available for sale in the European Union.

CAUTION: The Carillon Mitral Contour System is limited to investigational use in the United States.
